08. Remarks

: While I was on duty, I was subjected to an injury on two occasions where I had both of my tendons in each of my legs torn, which severely restricted my mobility and I am still undergoing Ayurvedic treatment because of the injury.

Because I am still on medication, I believe staying in the same school for another year would help me immensely with my health as I am accustomed to the environment in my current school.

Therefore please take my request into consideration and extend my stay in the current school at least by one year. Thank you.
